

MCDOWELLS GLOBAL SUPPLY AND LOGISTICS LLC

CORPORATE CAPABILITY STATEMENT

SUPPLY WITH PRIDE
NATIONWIDE

COMPANY OVERVIEW

McDowells Global Supply and Logistics LLC is a diversified procurement, logistics, and business solutions company serving public, private, institutional, and commercial markets nationwide. We connect organizations with essential products, transportation capacity, fleet solutions, cash flow resources, workforce initiatives, and operational guidance through one accountable business relationship.

PROCUREMENT AND SUPPLY SOURCING

- Product sourcing through manufacturer and distributor networks
- Janitorial, facility, PPE, office, industrial, fleet, medical, technology, and operational supplies
- Responsive RFQ development, competitive pricing, purchase order fulfillment, and delivery coordination
- Government and commercial purchasing card acceptance where applicable

FREIGHT, FLEET FUEL, AND CASH FLOW SOLUTIONS

- Truckload, less than truckload, expedited, flatbed, intermodal, air, and ocean freight coordination
- Commercial fleet fuel programs with driver controls, transaction visibility, and expense management
- Invoice factoring and freight factoring connections for eligible transportation and commercial businesses
- Coordinated support across product movement, fleet operations, and working capital requirements

WORKFORCE DEVELOPMENT AND BUSINESS CONSULTING

- Employer aligned workforce readiness and professional development program coordination
- Procurement readiness, supplier positioning, vendor registration guidance, and capability development
- Operational planning, process improvement, growth strategy, and organizational capacity building
- Business resource navigation and partnership development for companies and community organizations

WHO WE SERVE

- Government agencies, municipalities, school districts, authorities, and public institutions
- Corporations, manufacturers, distributors, contractors, transportation companies, and commercial buyers
- Small businesses, fleet operators, carriers, and organizations pursuing stronger operational capacity

WHY MCDOWELLS

- One accountable point of coordination across supply, transportation, fuel, funding resources, and business support
- Responsive sourcing, competitive quote development, order coordination, and procurement compatible documentation
- Certified minority and small business positioned for prime, second tier, set aside, and supplier diversity opportunities
- Nationwide reach supported by distributor, manufacturer, transportation, fleet, and financial service relationships

CORPORATE ENGAGEMENT READINESS

- Prepared for corporate supplier registration, sourcing introductions, and capability review
- Available for prime supplier, second tier, teaming, and supplier development opportunities
- Committed to responsive communication, accurate documentation, and dependable execution

EXECUTION AND SERVICE APPROACH

- Evaluate each opportunity for scope, compliance, capacity, pricing, and delivery requirements
- Coordinate the appropriate supplier, carrier, fleet, funding, or advisory resource for the engagement
- Maintain clear communication, transaction visibility, and organized documentation throughout execution
- Support long term relationships through dependable service, practical solutions, and measurable value
